

Head of Finance & Shared Services (m/f)

QUANT is a global leader in the field of Industrial Maintenance. We offer professional solutions for maintenance and repair after the Full Service concept for companies from all manufacturing and processing industries. In addition, QUANT Switzerland also runs a Manufacturing Services division. In this area we are the innovative manufacturer of individual precision parts, small series, systems and assemblies. As a partner for complex manufacturing solutions in machining, sheet metal processing and heat treatment, we provide the flexibility combined with the creativity of our professionals and the development of new solutions.

As part of the management team of QUANT Switzerland, you will directly support the growth strategy of the business. We are looking for a proven team leader with strong expertise in project and business controlling. If you combine a qualification in Accounting and Finance with management experience as well as great analytical skills, then join us.

Working Place:	Kleindöttingen, Aargau, CH
----------------	----------------------------

Terms of Employment:	Permanent, 100%
----------------------	-----------------

Tasks

- Being responsible as CFO of the legal entity in Switzerland for all financial and controlling tasks
- Support the Management in developing and implementing the local growth strategy, ensuring a tight progress monitoring on different initiatives
- Lead and coach a team of 3 people in order to offer a high level of professionalism in pro-active controlling and contract management, and ensure work processes that are always efficient and target oriented
- Lead the financial area with all its dimension and ensure the timely and correct preparation of reports – in line with accounting standards and policies
- Define short-, medium- and long-term performance targets and being responsible for the business planning and performance monitoring
- Driving a high quality project risk management, including taking care of commercial issues and cooperating with Sales
- Ensure that the business process is in line with company policies and requirements – from bidding till completion
- Lead and support project reviews, perform cost analysis and advice project managers on cost overrun and corrective actions
- Continuously follow-up on cost efficiency, working capital and profitability improvement projects

Requirements

- Master degree in Finance and/or Accounting – combined with sound knowledge in USGAAP and IFRS
- At least 5 years of management experience, ideally in a multicultural environment
- Experience in working in Business and Project Controlling for many years, preferably with large multinational organizations
- Strong financial manager with a structured and results oriented work approach and a clear focus on processes
- Ability to explain financials and requirements to general managers and to support and challenge at the same time
- Fluent in English and German
- In the end, you will convince us with your solid analytical and cross-cultural communication skills as well as with the ability to implement improvements supported by strong change management

Additional Information:

QUANT is able to offer you an interesting role within a highly motivated team, together with open communication structures. On the basis of a personal, practice-oriented introduction program, you will be given the opportunity to acquire the confidence needed to work independently as well as be a constructive member of an inclusive team within your assigned area.

QUANT is also able to provide a wealth of opportunity for personal development once you have completed your introduction period, the aim being to assist you in attaining your career goals. Personalized development programs with targeted training measures will help you to enhance your skills on a continuous basis.

Interested in joining our team? If you are, we are looking forward to receiving your full application (motivation letter, CV, references) via email to karen.a.popa@quantservice.com
