to be responsible for:

- establish a standard ERP template covering all required HR processes with regards to country specificities
- testing, coordination of data migration and cleansing tasks
- organization of key users training and preparation of users documentation
- support of other project tasks

HR Business Process Owner

to be responsible for:

- mapping of processes outside ERP
- set up of QUANT HR directives, policies and processes globally
- analysing HR process outsourcing options

HR Transition Support

to help the QUANT Corporate HR team with:

- recruitment, on boarding of new employees,
- draft of QUANT HR policies, procedures globally,
- HR controlling & statistics tasks,
- Master Data Management for Corporate employees
- other organizational or HR administrative tasks

About Quant

Quant is a global leader in industrial maintenance. For over 25 years, we have been realizing the full potential of maintenance for our customers. From embedding superior safety practices and building a true maintenance culture, to optimizing maintenance cost and improving plant performance, our people make the difference. We are passionate about maintenance and proud of ensuring we achieve our customers' goals in the most professional way.

Prior to 2015 we were known as ABB Full Service. Today we employ more than 2,500 people all over the World.
